

Janus Cookie Policy

What are cookies?

Like most other websites, the Janus website uses cookies. Cookies are small text files stored on your computer or mobile device by your browser. They are used for many things, but primarily used by Janus to remember the country site you are visiting so you don't have to select it each time you come to our site.

This policy explains how cookies are used on Janus websites, what cookies may be set when you visit the Janus websites and how to manage and delete them.

About this cookie policy

This cookie policy applies to all Janus websites. Throughout this cookie policy, any reference to our website covers any website or mobile application maintained by Janus. This cookie policy forms part of our website security and privacy provisions.

By accessing our website, you agree that this cookie policy will apply whenever you access our website on any device.

Janus reserves the right to update this cookie policy from time to time. Any changes will be posted within this page and shall become effective as soon as they are posted. Continued use of the website or app constitutes your agreement to all such updates.

Janus use of cookies

Cookies help us recognise you as a unique visitor when you return to our website, allowing you to access your preferred country site without having to select your country each time you visit. Cookies also remember if you have previously accepted terms and conditions for your country site to prevent repetitive pop-up messages or disclaimers each time you visit our site. If you choose not to allow cookies, the quality of your browsing experience may be reduced. For more information on cookies please visit www.aboutcookies.org  †

Cookies on our sites

Name	Type of cookie	Use
App Dynamics	Session	These cookies track page load time, location, and browser type.
Crazy Egg	Session	Used to obtain information regarding how visitors interact with our website. The type of information collected will include information about how visitors navigate around our website and the most commonly clicked links on a specific web page, for example. This will not contain any personally identifiable information such as your name, phone and email address.
Google Analytics	Session	Used to collect information about how visitors use our site. The cookies collect information in an anonymous form, including the number of visitors to the site, where visitors have come to the site from and the pages they visited.
Google Tag Manager	Session	Measures traffic and visitor behaviour to help us understand the impact of online advertising and social channels to help us improve our website.

How to control your cookie settings

Most internet browsers accept cookies automatically, but you can change the settings of your browser to erase cookies or prevent automatic acceptance if you prefer. These links explain how you can control cookies via your browser - remember that if you turn off cookies in your browser then these settings apply to all websites not just this one.
